## 11. Verification of Receivership & Readership

### Paid Home Delivery and Mail Distribution

The Gazette reported an average 1,605 mail distribution during the audit period. Mail distribution was verified through the review of USPS mail statements and additional publisher support documents. The Gazette did not report significant home delivery distribution during the audit period. Home Delivery is verified through the review of carrier statements and additional publisher support documents. In addition to the publisher's support document review the Circulation Verification Council interviewed 97 subscribers in the primary market areas indicated in paragraph nine. The purpose was to identify the number of subscribers from the publisher's subscription list who indicate they paid for and receive the publication on a regular basis, and further identify the number of residents who read or look through the publication. The interviews took place throughout the audit cycle between the hours of 5:30 PM-8:30 PM and 10:00 AM-2:00 PM. All respondents identified themselves as 18 or older.

1. The Gazette is distributed regularly in your area. Do you subscribe to The Gazette?
2. (If response to #1 was YES) Do you or someone in your household regularly read or look through the Gazette?

**CVC interviews indicate that 95 of 97 households or 97.9% indicated they subscribe to and receive The Gazette.**

\*Households with confirmed stop delivery requests were excluded from the survey.

The Circulation Verification Council estimates that all the information in this text box has a minimum accuracy level of +/-2.5%.

## 12. Verification of Distribution

### Paid Single Copy Distribution

The Circulation Verification Council interviewed and/or visited single copy sales locations chosen randomly from the publication's delivery list. The purpose was to identify the number of locations who indicate they receive the publication on a regular basis, and further verify the number of publications distributed at the beginning of the edition cycle, and the number of editions left unclaimed by readers at the end of the edition cycle.

**CVC interviews indicate that 100% of reported single copy sales locations indicated they received The Gazette on a regular basis.**

**CVC interviews indicate that less than 54% of The Gazette's single copy distributed editions are returned to the publisher unclaimed after the edition cycle.**
